

## **OSRUI Camper Expectations**

There are some basic expectations we have of our campers. While we recognize each of our campers require different levels of support to help meet these expectations, information from parents about what expectations will be challenging is helpful for the OSRUI Staff as we plan how to best support all of our campers.

We expect our campers:

1. Will be willing to participate in all camp activities.
2. Will be able to communicate their needs appropriately.
3. Will not threaten harm to themselves, others or engage in self-injury.
4. Will be able to understand and follow multi-step directions.
5. Will not wander away from their group.
6. Will eat while at camp to stay nourished and healthy.
7. Are able to manage their own hygiene.
8. Will be able to manage any challenge they may have with the tools and skills that have been successful in the home setting.
9. Will be nonviolent and will not be physically aggressive towards others.
10. Will not use foul language or be disrespectful towards other campers or staff members.
